

Kids Range

2 THE SUMMIT

High performance Outdoor Clothing

Over the years we have had numerous requests to expand our solitary item of children's clothing, our renowned Babybuff, into a larger range.

We have been working with our team's ever increasing offspring to develop The little Buffalo range of children's clothing which now consists of

The Mini Mountain Shirt, The Winter Jacket, The Body Warmer, The Teclite Trousers, The Teclite Babybuff and of course The Original 'Double P' Babybuff, it also includes The Cosy Winter Hat.

The range has been designed as durable, warm clothing which is of course extremely breathable.

The little Buffalo range is made in keeping with the ethos of Buffalo Systems. We believe that good design should be simple and practical and not mass produced but carefully made in our Sheffield factory
